DETAILED ACTION

1. This office action is in response to application dated 6/27/2005. Claims 1-70 are pending.

Allowable Subject Matter

2. Claims 1-70 are allowed.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, teach or fairly suggest the following limitations in combination with other limitations of claims:

As recited by claims 1 and 24,

“ distributing from each node, information data including the assigned node identifier and the generated node signature of the node to other nodes in the communication network;

in each node, comparing the node signatures in the information data having identical node identifier: to detect whether the node signatures of nodes having identical node identifiers are different; and

modifying operation of the communication network responsive to a detection of different node signatures of nodes having identical node identifiers”.

As recited by claim 48,

“a second program code unit for distributing from each node information data including the assigned node identifier and the generated node signature of the node to other nodes in the communication network;

a third program code unit in each node for comparing the node signatures in the information data having identical node identifiers to detect whether node signatures of nodes having identical node identifiers are different; and

a fourth program code unit for modifying operation of the communication network
